

LARGE FORMAT

- We love projects that are larger than life. When you need your message to stand above the rest, Dolan Printing rises to the challenge every time.

From stadiums to shopping malls, you'll find Dolan's colossal installations indoors, outdoors and everywhere in between. We offer a huge variety of applications including banner, board, metal, fabric, corrugated and vinyl to fit the span of environment needs, surfaces, shipping considerations and budgets. We work with you to engineer the best quality option for the desired lifespan of the installation. We install or you install—we make it a seamless handoff.

We apply our unsurpassed dye sublimation technology to position your brand in a big way—across floors, windows and walls. We can wrap your building in a lightweight yet eye-popping digitally printed fabric that can easily be changed to announce events, sales, new products and more.

BENEFITS OF LARGE FORMAT AND DYE SUBLIMATION:

- Wide media versatility
- Odorless prints
- Fine details and color accuracy on a huge scale
- No scratch indoor/ outdoor functionality
- Easy to install and uninstall
- High environmental standards
- Wide color gamut

LARGE FORMAT AND DYE SUBLIMATION INSTALLATIONS ARE PERFECT FOR:

- Airports
- Sports arenas
- Shopping malls
- Convention centers
- Museums & universities
- Building & auto wraps
- Point-of-sale displays
- Durable floor graphics, such as directionals
- Rotating exhibits & events
- Office interiors & decor
